## Girls soccer remains undefeated!!

By Emily Gibb

Crimson Cliffs Girls Soccer remains undefeated in region after taking another win this last week against the Pine View Panthers! Tuesday September 14th Girls Soccer fought hard and took the win with the final score 5-1! After being the first varsity player to score a Hat Trick this year, Striker Kate Young was given the title, "Player of the game" and had a few words to say about it. "Always fun scoring a hat trick, but no way I could've done it without all these girls' hard work on the field. I really couldn't have asked for a better team to be playing with my senior year. Go Stangs!" It's clear that Crimson Cliffs Girl's Soccer team is bringing their

A-game every game. When interviewed about her recent wins, Coach Esplin has some inspirational words to share, "We have had a target on our back since the season started and it's not going to go away. Every single game we are going to have to show up and give it everything we have. We cannot let up for one minute. We are working hard every practice and taking every week as a time to learn and grow and get a little bit better. We are humble, but also very hungry. We know that any team can beat us in any game. **Every** girl has a part in the success we have had so far. Every girl has been staying positive and lifting each other up when someone has a bad

day at games and practices. We know we have to come together and win together as a team to take region and make a run at state. We know it is going to be a grind, but we are going to give it our all to reach our goals and have no regrets!"

### Business Spotlight: KennaBeanz.co

By: Sophia Howcroft & Sydnie Johns

Mckenzie Pendle, a Crimson Cliffs Junior, has recently won a local Shark Tank. She runs a cute and successful small business called Kenna Beanz.co, where she manufactures charming enamel pins. "I didn't want to work at a grocery store," She replies with a laugh after being asked what inspired her to start her own business. "Since everyone in my family is an entrepreneur, I really wanted to do something of my own. I tried three different businesses and none of them worked out, but I really liked collecting enamel pins and so I started to sell them."

The local Shark Tank invites young entrepreneurs to submit a video about their business. The video contains what the business is all about, and if they need a cash prize, or a booth at the St. George Market. There are many different prizes a small business could be awarded. Mckenzie explains, "They haven't said exactly what I've won yet, but we know it's one of the top prizes- that's either one of the booths or the cash prize." Mckenzie is a great role model and an example of what comes from hard work and persistence. Her drive and optimism is the perfect recipe for creating a small business. She encourages anyone considering starting a

## BREAKING NEWS:

### Football

-Anonymous

Crimson Cliffs beat Snow Canyon 20-7 on September 3rd with two touchdowns scored by the defense: much to the absolute shock of the crowd. Snow Canyon led the first half with their score of 7-0. However, after halftime the Crimson Cliffs Mustangs came out with fire under their feet. They began their assault of the warriors with a blocked punt-into a touchdown. After they blocked the first punt a second punt was blocked by the Mustangs. The crowd went wild with the student section, the Stang Gang, throwing water up into the air. With cheer after cheer the Stang Gang yelled on, quieting the Warrior student section. After

## Teacher Highlight

### Mrs youngberg-Language Arts

This week the Crimson Chronicle has decided to interview Mrs. Youngberg because of her amazing attitude and willingness to help every student reach their greatest potential. In case you don't know who she is, Mrs. Youngberg has short, spiky hair, and an appreciation for sarcasm that is rare in our school. Here is her interview:

#### What's your favorite part of teaching?

My favorite part of teaching is sharing my love of reading, writing, and the learning process with students. I love seeing them learn new skills and succeed.

the second blocked punt, which eventually led to a touchdown, Crimson Cliffs increased the Mustang lead to 13-7. Our great execution of defense held the warriors scoreless the entire third quarter as the Mustangs intercepted and scored a pick six, meaning the interception led to a touchdown. With the timer winding down to zero and a score of 20-7, the Stang Gang crowd chanted, "WE... WE BELIEVE... WE BELIEVE WE... WE BELIEVE WE JUST... WE BELIEVE WE JUST WON... WE BELIEVE WE JUST WON... WE BELIEVE WE JUST WON." The Warriors were defeated and the Mustangs gained their first region win this season.

**QUICK UPDATE**

Photo by Dave Larson St George News  
Crimson Cliffs varsity faced off against Cyprus in a home game last Friday night the 17th. Crimson dominated the pirates 20-6, the 6 points coming in the form of a last minute touchdown from Cyprus. The game was an obvious win right off the bat with our vicious crimson players giving it their all and the Stang Gang cheering strong. Cyprus never stood a chance. **GO MUSTANGS**

**Why did you decide you wanted to teach?**  
I loved playing teacher as a kid, so when I went back to college as an adult in my 30's, it was a given! At first I tried to go into business management because I'm good at being bossy...I mean, assertive...but I wasn't a fan of accounting, so I did a big forehead slap (duh--teaching) and went into education. And now I get to be bossy...I mean, assertive...without all those numbers and stuff.

**What's your favorite past-time?**  
My favorite pastime is watching movies (and critiquing them) as well as hiking in the woods and playing games with my family and friends.

**What's your favorite book?**  
My favorite book is the *Harry Potter* series. I've read it more than a dozen times!

**If you could be any fictional character, who would you be?**  
If I could be any fictional character, I would choose Professor McGonagall from *Harry Potter*.

**What would you name the autobiography of your life?**  
The name of my autobiography would be *Eyes Will Roll*.

**What's an experience that made you stronger?**  
I can't name one specific experience that made me stronger, but I can say for certain that every mistake I've made and every hardship I've gone through has made me the person I am today. I'm a better, stronger person for those experiences. No regrets!

small business to get out of their comfort zone and try it with her encouraging words, "Push. Don't stop even if it's going bad. If it's something that you really like and you spend time on it, it will work out in the end."

**Student review**

*By: Sophia Perkins*  
The Crimson Chronicle: A student-run newspaper to keep students and teachers informed about events, businesses, and peers in their community. The meetings are entertaining and enriching for everyone involved. We love to interview the student body for new and upcoming events, news and ideas. This newspaper will have everything from news to writing debuts from up and coming writers in our student body. We will have a website soon to view the full articles and content of this bi-weekly newspaper. **COME JOIN**
